

PRECISION UK Ltd

Specialists in HTM02-01 Medical Gas Pipeline Equipment

Precision UK is a British manufacturer of products used in Medical Gas Pipeline System (MGPS) installations. The company and its products recognise and embrace the specialist requirements of this industry, to include all aspects of customer service, product design, cleanliness, packaging and usability required to become a successful partner for installations of pipelines compliant with HTM 2022/01, C11 and EN 737-3.

Core products of Degreased Copper Tube & Fittings, Lockable Line Valves, Nist Pieces, Silver Solder, Pipeline Identification Tape, Munsen Ring Brackets, AVSU-Area Valve Service Units Single/Modular, Area & Plant Alarms, Pressure Switch Assemblies and Rigid/Retractable Pendants form our CPX Pipeline Range that enables the installation of a HTM 2022/02-01 MGPS.

New products joining the CPX Pipeline Range include Medical Air Plant, Medical Vacuum Plant, AGSS Plant, Gas Manifolds and Medical Gas Outlets all compliant to British and European Directives are now available.

We truly are now the only British Company accredited to BSI ISO 9001 and The Medical Device Directive that offers the complete range of MGPS equipment from its own manufactured stock.
